## BIBLE THOUGHT FOR TODAY

**HUMILITY OF CHRIST:**  
 —Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Phil. 2:5, 3.

## BACK YARD REVELATIONS

The winter period, when trees and shrubbery are bare, is a time when back yards and their contents are revealed. People think it makes no difference how their grounds look at this time of the year, but it is just the period when the same show up in a conspicuous way, owing to lack of concealment by leafy hedges and other foliage.

Most towns are sprucing up their front lawns, particularly those that lie on prominent lines of travel. People feel some responsibility to present a favorable appearance to the motor tourists that go through. But the man who takes pains to have attractive front grounds, may have a shiftless looking rear property.

The habit of dumping ashes in the rear of houses is common in some places as this time of year, and it cre-

ates disfiguring eyesores. In some towns back yards are regarded as a kind of general rubbish heap, where waste of all kinds is allowed to accumulate. Even if a town has a Clean Up day or week, the householder will begin the day after that event to lay away refuse stuff behind the house, and it will gather until the temporary spasm of order comes along.

A man's back yard ought to be a place where he is as much ashamed of disorder as on his front lawn. In most cases it is perfectly visible from the street. And anyway all the neighbors overlook it and they are sickened by a slatternly sight.

In other cities, tradition has always favored the idea of clean back yards. If the men won't pick them up and keep them neatly, the women will. Waste stuff is no more permitted to accumulate there than it would be in their parlors. The back yard is the test of a family's sense of order, because people have the feeling that they can do what they like there. The neighborhood with trim back yards gives an impression of cleanliness and finish, that is the fundamental element in beauty.

If you want to get a head first learn to use the one you have.

Men who often make apologies for broken promises satisfy no one but themselves.

Take care of the common cold. It may develop into an uncommon case of flu.

We take it that Mr. Ground Hog is in favor of the prolongation of this sort of a winter. So are we.—Springfield Republican.

Does prohibition prohibit? Judge J. L. Hobbs says it does. Four years ago there were eighty cases in police court in the month of January, the majority of which were drunks. This year there was one case in court in January and it was not for drunkenness, but for driving over a fire hose during a fire.

A few years ago the announcement that there would be a temperance lecture at one of the churches would have brought out a meagre attendance, mostly of women. Last night the largest auditorium in town—the Methodist church—was crowded to the limit to hear Dr. Banks lecture on the subject. Sentiment is rapidly changing in favor of sobriety and law enforcement.

## OIL NOTICE

A number of local people have bought shares in the Monett-Jenkins well and have paid only part of their payments. Some are delinquent for several months. This is notice that in case a well is brought in in the said just encountered that all delinquent stockholders will be cancelled without notice and shares issued for the amounts already paid for. If you desire to make sure of what you have bought call at the office of the Company and make some definite arrangements about your payments so that your name will not be in arrears on our books. If you have intended to buy a few shares and have not done so this is a good time to do it. Get in before a well is struck as the books will be closed in case oil is discovered.

## CHAMBERLAIN'S COUGH REMEDY AIDS NATURE

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough or cold.
